

Please find an application for School Councillor, for Emily (Year 3)

*Application done as a transcript of an interview with Emily for why she wants to be a counsellor. The interview is between Chris (interviewer and father) and Emily (Candidate for School Counsellor Year 3)*

**So Emily, why do you want to be a school councillor?**

*Because I want to, because I want to make kids happy by giving them new equipment to play with. Also, trying to make things more fun for the school.*

**What would make a good councillor ?**

*I would be a good counsellor by showing all my new ideas, by listening to my classmates, want to listen to them and then speak to the headteacher about their ideas.*

**What improvements would you like to make for the school?**

*The improvements I would like to make are to give children fun reading English books, so that they can read and enjoy and have fun.*

*For Christmas, I could organise tickets for the whole school for a pantomime and you have to bring your own popcorn from home.*

**Why do you think you would be a good a councillor?**

*I don't mind whatever my classmates say to me. I just want them to be happy and share their ideas.*

**Thank you for your Interview and good luck Emily.**

*Thank you.*

**Please consider Emily's application and she is very excited about the idea of being a councillor.**

Thank you

Chris (dad)
