

School Council – Jonathan

I would like to apply for school council because I have some great ideas to improve everyone's learning and breaktimes.

I am helpful and trustworthy, a good listener and enjoy working in a team.

Some ideas I have to improve the school are:

- Start more afterschool clubs for pupils to enjoy. These could include sports - football, hockey, tennis and running, crafts, Lego, book-club and could be ran by the teachers and teaching partners.
- At the end of all break times, you shouldn't be allowed to line up for class until all equipment has been returned to the play-pod.
- Re-introduce the buddy bench so everyone has someone to play with, making sure no one is left out.
- Work with FOBS on charity events to raise more money and suggestions on how the money could be spent. For example, a cake sale to raise money to buy whiteboard markers and purple polisher pens for the classrooms

*Learning together with Respect,
Friendship and Perseverance.*
